

Liver Detox

POWERFUL SUPPORT FOR NERVE AND IMMUNE CLEANSING*

NEUROIMMUNE DETOXIFIER
OVER 80 PEER-REVIEWED STUDIES

WHY YOU NEED LIVER DETOX

In today's world, **Liver Detox** is more vital than ever. Toxins can accumulate and damage critical internal body systems, unless you have an active anti-toxin program.*

Over the past 50 years, more than 100,000 chemicals have been introduced into the environment. When you are exposed to these chemicals, your body must detoxify them. Toxins include 1) pollutants in the air, water, and soil; 2) toxic metals such as lead, cadmium, and mercury; 3) pesticides, herbicides, insecticides, fungicides, and fumigants. Further, food additives and preservatives can adversely affect nerve and immune function in many people. Any distress is a further "tax" on the system that **Liver Detox** can help relieve.*

Nerve and immune tissues become impaired as a result of this toxic overload. **Excess toxins** sabotage delicate cell machinery, leading to less endurance and energy, impaired immune function, and **less resilience** in dealing with everyday stresses and challenges.*

THE INNER CLEANSER

Liver Detox is a unique, exclusive formula that meticulously detoxifies the tissues involved in the immune and nervous systems. This combination of amino acids, lipotropic factors, and minerals effectively clears out the toxins that accumulate in the nerve and immune system tissues and cells.* In addition, **Liver Detox** neutralizes excess cellular acid, thereby protecting cells against corrosion.* **Liver Detox** effectively promotes resistance in four ways:

1. Methionine, glycine, cysteine, and glutathione are potent nutritional detoxifiers that also reduce homocysteine levels and boost neuroimmune and cardiovascular health.*
2. Choline and inositol improve cell communication and

increase cells' defenses against viruses and other infectious agents.*

3. Ascorbyl palmitate is a membrane-protective form of vitamin C.*
4. Energizing and alkalizing cofactors help cells support optimal health.

SYMPTOMS OF HEAVY METAL TOXICITY

Chronic exposure to heavy metals is a growing health problem in industrialized societies. These metals include lead, mercury, antimony, chromium, cadmium, and arsenic.* Heavy metal toxicity is characterized by fatigue, musculoskeletal complaints, mood swings, anemia, neurological problems, hypertension, kidney and liver dysfunction, endocrine problems, and immune dysfunction.* Heavy metals are excreted through the urine, feces, and sweat glands. But when these detoxification routes aren't working right, you may experience toxic symptoms.*

RECOMMENDED USE

Occasionally, people have acquired a substantial toxic burden. Their detoxification

cellular systems are in such disrepair that, as **Liver Detox** starts to “clean house,” the mobilized toxins cause people to feel queasy. To begin detoxification:

- Start slowly with just one (1) or one-half (1/2) tabsule of **Liver Detox** per day.
- Double the dose every three (3) weeks or so.
- Drink at least eight (8) glasses of water daily and avoid caffeinated, sugared, and artificially sweetened beverages.
- By slowly increasing the use of **Liver Detox**, sustainable good health is more easily achieved.

Directions: Take two (2) vegetable-coated tabsules daily 30-60 minutes before meals in divided doses or as directed by your health professional.

Typical Dosage:

Maintenance: 1-2 tabsules/day • Weight training, moderate stress: 3-4 tabsules/day • Maximum Stress or chronic illness: 5-6 tabsules/day

SUPPLEMENT FACTS		
Serving size: 2 Tabsules		
Servings per container: 30 or 90		
Energized Nutrients	Amount per serving	% Daily Value
Vitamins:		
Vitamin C (l-ascorbate, corn-free, reduced).....	64mg.	71
Vitamin C (from 150 mg of ascorbyl palmitate)	60mg.	67
Minerals (elemental):		
Calcium (as citrate, fumarate, malate, succinate).....	100mg.	8
Magnesium (as citrate, fumarate, malate, succinate, aspartate, & C16 and C18 alkyls)	200mg.	48
Lipotropics:		
Choline (citrate)	70mg.	13
Inositol (pure crystalline)	250mg.	*
Amino acids:		
Glycine	250mg.	*
L-phenylalanine.....	100mg.	*
L-methionine	150mg.	*
L-cysteine HCL (anhydrous)	150mg.	*
L-cystine	100mg.	*
L-glutathione (99% reduced)	25mg.	*
L-aspartate (magnesium aspartate)	26mg.	*
Cofactors (Kreb's salts for energy):		
Citrate (calcium & magnesium).....	144mg.	*
Fumarate (calcium & magnesium)	144mg.	*
Malate (calcium & magnesium).....	144mg.	*
Succinate (calcium & magnesium).....	144mg.	*
Vegetable Fiber (organic croscarmellose).....	96mg.	*
Natural Vanilla	40mg.	*

* Daily Value not established.

Other Ingredients: None
